The Abbe Ranch Horse Trial 2009 prospective entries,

All in all the clinic went very well. I informed everyone that they did a fine job cleaning up after themselves and their horses. There was only a little hay left in some stalls/pens and some left outside. Some pens were not marked. Dick said the trash cans were not as full as usual, so we thank you for taking your trash back home. But, someone still owes us \$250.00, and an apology (since there is a sign at the telephone which says "local calls only"), for 4 telephone calls to Kuwait during the clinic.

We are almost up to the closing date, Tues June 9, 9 pm deadline, for our Abbe Ranch horse trial which will be held in about 2 weeks on June 27-28 (with IP & P dressage on June 26 at 3 pm). We would still like more entries but they need to be in my hands or the entry secretary's by closing. Anything that comes in after that will cost you more. Please note: Training, Novice and Beginner Novice will compete over two days (Saturday and Sunday). Intermediate-Preliminary and Preliminary will do their dressage on Friday at 3 pm.
